**Subject:** Permit Denials

As a reminder, please do not issue access permits to the individuals listed below for the Cabeza Prieta NWR. It is up to you whether you want to issue them access permits for your respective jurisdictions but please deny them permits for the Cabeza. You can simply refer them to me if they want to give you any flak. If they come into our office and request access permits for your jurisdictions but not the Cabeza, we are still going to refuse and tell them that they need to go to your offices to obtain permits for your jurisdictions.

Scott Warren

Gabriel Leon

Paige Corich-Klein

Genna Jackson

Respectfully,

-  
Sid Slone

Manager

I've also cc'd our Security POCs for Gila Bend AFAF/BMGR-East. Scott Warren was among the individuals who had their permit revoked previously by GBAFAF security. I'm going to assume we'll want to keep him on our list of those who will be denied a permit. I do not have the other individual's name from that incident. Susan SUSAN K. Gentlemen, As discussed, until such time that they break the rules on BMGR West, I can't really deny them a permit for BMGR West. However, if we issue any permits to the below listed individuals, we will ensure that the hold harmless/permit and card clearly indicate that the permits are valid ONLY on BMGR (West). If we catch these or any other individuals littering or driving off-road on the BMGR West in the future, we will address the issue with the appropriate corrective actions (citations, permit revocations, etc.) at that time. On a related topic, attached are our edits to your proposed new hold harmless/permit form. If all agencies can agree on one no-kidding FINAL format, we would be fine with using the new format. Take a look and let me know what you think. -----Original Message----- From: Slone, Sid [REDACTED]

The attached Agreement and Permit incorporates proposed changes by MCAS Yuma. The changes improve upon the language and format, but don't affect the intent of the document. Please give it a read and let me know if you require edits. OB Kevin O'Berry Intergovernmental Liaison 56 FW Range Management Office 7101 Jerstad Lane Luke AFB, AZ 85309 Office: [REDACTED]
